Dear Zhuo Li,

The Graduate School grants you permission to embargo your doctoral dissertation, based on the approval of your adviser. The embargo will take effect on the date that you submit your dissertation to Mudd Library, presumably on or shortly after your successful final defense date, and will expire two years from the date on which your Ph.D. was awarded. Please present a hard copy of this approval e-mail when you go to Mudd Library to hand in the bound copy of your dissertation and upload your work electronically to ProQuest. Best wishes for your Final Public Oral Exam.
